Spot Challenge Money Class Format for advancing to Finals

1. We want the best shooters advancing to the Finals in the Money Class.
2. The only way to get that is to change our rules for advancement.

Open Money Class

1. We will take the top 23 scores throughout the week from the first Saturday through Friday
2. On Thursday, the highest 16 archers will be notified by a phone call.
3. On Friday, the remaining highest 7 archers will be notified by a phone call.
4. The second Saturday, we will take the top score completing the field of 24.
5. The names will be posted on the PA 3D Bowhunters website and/or the GAOS website in the appropriate order without posting any scores, so individual shooters can see where they stand throughout the week.
6. Even though this doesn't allow much lead time for coming back for finals on Saturday, it allows us to bring back the shooters with the highest scores throughout the week.
