3D Challenge Trophy Class Format for Advancing to Finals

1. We want the best shooters advancing to the Finals in the Trophy Classes.
2. The only way to get that is to change our rules for advancement.

Trophy Class (Saturday Finals)
Female Open, Crossbow, Male Seniors, Male Masters, Male Bowhunter Release, Male Bowhunter Open

1. We will take the highest 8 scores throughout the week from the first Saturday through Friday
2. On Thursday, the highest 5 archers will be notified by a phone call.
3. On Friday, the next highest 3 archers will be notified by a phone call.
4. The second Saturday, if anyone's score would put them in the top 8, we will add an additional spot in that class.
5. The names will be posted on the PA 3D Bowhunters website and/or the GAOS website in the appropriate order without posting any scores, so individual shooters can see where they stand throughout the week.
6. Even though this doesn't allow much lead time for coming back for finals on Saturday, it allows us to bring back the shooters with the highest scores throughout the week.

Trophy Class (Sunday Finals)
Cubs, Woman's Traditional, Longbow, Recurve, Female Youth, Youth Male 13-14, Youth Male 15-17, Female Hunter, Senior Hunter, Male Hunter

1. We will take the highest 8 scores throughout the week from the first Saturday through the second Saturday.
2. On Friday, the highest 5 archers will be notified by a phone call.
3. On Saturday, the next highest 3 archers will be notified by a phone call.
4. The names will be posted on the PA 3D Bowhunters website and/or the GAOS website in the appropriate order without posting any scores, so individual shooters can see where they stand throughout the week.
5. Even though this doesn't allow much lead time for coming back for finals on Sunday, it allows us to bring back the shooters with the highest scores throughout the week.
